ROD Update –

1. Dr. Brewer updated the Board on the changes to how IEP's will be accessed. The Learning Connection is being discontinued this summer and will be replaced by the LINK Initiative. There will be training coming up soon and more information will be dispersed after that training.
2. Dr. Brewer is willing to provide any supports to the schools to help with ESSER II grant writing for the services for students with disabilities. ROD is always available to provide guidance.
3. We will soon be starting to prepare the next budget. Dr. Brewer is asking that if anyone is considering program changes to contact him so that these can be considered.

The preschool update was presented. There are still several students who are not on the list as we are waiting for permission to evaluate. Mr. Galey is very appreciative of the column indicating which students will be kindergarten eligible in the fall. This helps with local programming needs.

Public Comments - Missy Jones inquired if the corporations had received a letter from Dr. Box regarding COVID vaccinations for teachers and paraprofessionals working with intense academic students and preschool students. She asked that the information be shared with those who are eligible.

Meeting adjourned at 9:28 a.m.
